

LA CASA SERIES

# WILD FERN

TABLEWARE COLLECTION

At La Casa, the table has always been a place where family gathers. It is where conversations unfold, laughter fills the room, and stories are shared. Some days it meant Friday night barbecues, other times Sunday afternoon lunches, or even a quick breakfast before heading out for the day. No matter how simple, these rituals create the warmth of home. Each gathering, whether big or small, reveal what true richness in life looks like. They are reminders that the most valuable experiences are not extravagant, but found in shared time with company of people we love.

# Wild Fern

## TABLEWARE COLLECTION

Wild Fern is the second collection from La Casa Series, it celebrates the simple joy of gathering around the table. Inspired by these everyday rituals, the collection embraces the warmth and liveliness that emerge when people come together.

Each design features hand-illustrated watercolor artwork derived by the untamed ferns that grow around La Casa. The original illustrations capture the spread, curls, and organic movement of fern leaves, translating their wild character into flowing lines and expressive surface patterns.

The playful combination of colors and patterns reflects the spirit of those shared moments vibrant and full of life. Through this collection, the table becomes more than a functional space; it becomes a setting for connection, comfort, and joy.
